Independent Auditor's Report

The Board of Directors Fort Wayne Public Television, Inc.

Report on the Financial Statements

We have audited the accompanying financial statements of Fort Wayne Public Television, Inc. which comprise the statement of financial position as of September 30, 2014 and the related statements of activities and changes in net assets, functional expenses and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Fort Wayne Public Television, Inc. as of September 30, 2014, and the results of their operations, changes in their net assets, and their cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matter—September 30, 2013 Financial Statements

The financial statements of Fort Wayne Public Television, Inc. for the year ended September 30, 2013, were audited by other auditors whose report dated February 27, 2014 expressed an unmodified opinion on those statements.

Notes to Financial Statements

September 30, 2014

1. Organization and Summary of Significant Accounting Policies

The mission of Fort Wayne Public Television, Inc. (Station) is:

To provide high quality telecommunications services which enhance the quality of life in the communities we serve through educational, informational, cultural and entertaining programs and services.

The Station operates a non-commercial public television station known as PBS 39. It is an affiliated member of the nationwide network of public television stations known as the Public Broadcasting Service (PBS).

The Station is exempt from income taxes under Section 501(c)(3) of the United States Internal Revenue Code and qualifies for the 50 percent charitable deduction limitation. The Station has been classified as an organization that is not a private foundation under Section 509(a) of the Internal Revenue Code. Management believes the Station is no longer subject to examination by taxing authorities for years before September 30, 2011.

Cash and Cash Equivalents

All highly liquid investments with a maturity of three months or less when purchased are considered to be cash equivalents. All cash and cash equivalents are held at local financial institutions. The Station periodically has cash and cash equivalents in excess of federally insured limits.

Accounts Receivable

Accounts receivable are stated at the amount billed to underwriters and other supporters. The Station provides an allowance for doubtful accounts for estimated losses in the collection of accounts receivable which is based on an analysis of outstanding receivables, taking into consideration the age of past due accounts, an assessment of the customer's ability to pay and historical collection information. When specific accounts are deemed uncollectible, in whole or in part, such amounts are removed from the accounts although collection efforts may continue.

Costs Incurred for Programs Not Yet Broadcast

Costs incurred for programs not yet broadcast relate to programs produced and purchased by the Station that will be broadcast in subsequent periods. These costs are included in prepaid expenses and were \$33,112 and \$35,060 at September 30, 2014 and 2013, respectively.

Notes to Financial Statements (continued)

1. Organization and Summary of Significant Accounting Policies (continued)

Property and Equipment

Property and equipment are stated at cost or if donated, at fair market value at date of donation, except for property and equipment that have been impaired. For impaired assets, the carrying amount is reduced to the estimated fair market value. There were no impaired property or equipment assets as of September 30, 2014 or 2013. Items which cost \$1,000 or more and have a useful life of one year or more are capitalized. Depreciation is computed by the straight-line method over the following estimated useful lives:

Buildings and improvements	5 – 39 years
Tower, transmitters and other equipment	3 - 30 years
Office equipment	5-7 years
Vehicles	5 years

Expenses for normal repairs and maintenance are expensed as incurred.

Net Assets

Net assets are allocated to and accounted for based upon the donor's intended purpose. Unrestricted net assets have no donor imposed restrictions placed upon them. The Station has received certain net assets for specific purposes or for later periods of time or after specified dates, and these amounts are reported as temporarily or permanently restricted net assets. Temporarily restricted net assets include amounts whose use is limited by donor imposed stipulations that can be met and removed by actions of the Station pursuant to those stipulations, occurrence of a stated event, or passage of a specified time period. When donor imposed restrictions are met, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statements of activities and changes in net assets as net assets released from restrictions. Permanently restricted net assets include amounts whose use is limited by donor imposed restrictions which stipulate that resources be maintained permanently but permit the Station to expend part or all of the income derived from the donated assets for either unrestricted or temporarily restricted purposes. Resources arising from the results of operations or assets set aside by the Board of Directors are not considered to be donor restricted.

Notes to Financial Statements (continued)

1. Organization and Summary of Significant Accounting Policies (continued)

Contributions and Grants and Contributions Receivable

Contributions, including gifts, grants, bequests, pledges, and other unconditional promises to give, without restrictions or stipulations are recorded as support (revenue) in the period received. Contributions are reported as temporarily restricted or permanently restricted support if they are received with donor imposed stipulations that limit their use. The Station's major sources of recurring operating revenue are the Corporation for Public Broadcasting and the Indiana Department of Education. Revenue from the Corporation for Public Broadcasting was 18 percent of revenue and 22 percent of revenue during the years ended September 30, 2014 and 2013, respectively. Revenue from the Indiana Department of Education was 8 percent of revenue and 10 percent of revenue during the years ended September 30, 2014 and 2013, respectively. Other significant sources of revenue include foundations and individual viewers.

The Station uses the allowance method to determine uncollectible grants and contributions receivable. The allowance for uncollectible receivables is based on historical collection experience and management's analysis of specific receivables.

Contributions of assets other than cash are recorded at their fair market value. Contributions of services are recognized as revenue if the services received (a) create or enhance non-financial assets or (b) require specialized skills, are provided by individuals possessing those skills and typically need to be purchased if not provided by donation.

During the years ended September 30, 2014 and 2013, the fair market value of contributed goods and services recognized as revenue and expense in the accompanying statements of activities and changes in net assets were \$150,212 and \$132,720, respectively.

Program and Production Revenue

Revenue for program underwriting is recognized on a pro-rata basis over the period the programming is broadcast. The Station utilizes the percentage-of-completion method of accounting for production revenue.

Notes to Financial Statements (continued)

1. Organization and Summary of Significant Accounting Policies (continued)

Use of Estimates

Preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts in the financial statements and accompanying notes. Actual results could differ from those estimates.

Advertising Expenses

Advertising costs are charged to operations when incurred. Advertising costs charged to operations were \$25,043 and \$12,001 for the years ended September 30, 2014 and 2013, respectively.

Functional Allocation of Expenses

The cost of providing the program and other activities has been summarized on a functional basis in the accompanying statements of activities and changes in net assets. Accordingly, certain costs have been allocated among the program and supporting services benefited.

Reclassifications

Certain amounts as of and for the year ended September 30, 2013 have been reclassified to conform with the presentation as of and for the year ended September 30, 2014. The reclassifications had no impact on net assets as of September 30, 2013.

2. Grants and Contributions Receivable

Unconditional promises to give to the Station are recorded as grants and contributions receivable at the present value of future cash flows. The present value discount rate used was 0.5 percent for the year ended September 30, 2014. The Station's grants and contributions receivable are as follows:

Notes to Financial Statements (continued)

2. Grants and Contributions Receivable (continued)

	September 30

Less discount for present value	5,673	9,300				
Net grants and contributions receivable	\$ 1,299,071	\$ 732,661				

3. Beneficial Interest in Funds Held by the Community Foundation of Greater Fort Wayne Inc.

The beneficial interest in the funds held and invested by the Community Foundation of Greater Fort Wayne Inc. (Community Foundation) of \$15,414 at September 30, 2014 is the result of an agreement whereby the Station has transferred assets to the Community Foundation and has specified itself as the beneficiary of the assets. The beneficial interest in funds held by the Community Foundation is valued at the fair market value of the underlying investments as reported by the Community Foundation at year-end.

Additionally, the Community Foundation holds investment assets with a value of \$10,562 at September 30, 2014 for the benefit of the Station. The Station is precluded from recognizing these assets held by the Community Foundation because the donors explicitly granted variance power to the Community Foundation. Accordingly, the Station only recognizes annual grants by the Community Foundation from these funds as contributions.

4. Endowment Funds

ASC 958, *Not-for-Profit Entities*, requires certain net asset classification changes for institutional endowment funds under Uniform Prudent Management of Institutional Funds Act (UPMIFA). The Indiana General Assembly has adopted UPMIFA.

Notes to Financial Statements (continued)

4. Endowment Funds (continued)

The Station may hold donor restricted endowment funds where the gift instrument clearly stipulates that it is not to spend the principal or some other portion of the gift, in which case such gift instrument will supersede the Station's ability to spend the whole fund. ASC 958 requires the classification of a portion of a donor restricted endowment fund of perpetual duration to be classified as permanently restricted.

The Station's endowment consists of an individual donor-restricted endowment fund. As required by accounting principles generally accepted in the United States of America, net assets associated with endowment funds, including funds designated by the Board of Directors to function as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions.

Interpretation of Relevant Law

The Board of Directors of the Station has interpreted UPMIFA as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulation to the contrary. As a result of this interpretation, the Station classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. In accordance with UPMIFA, the Station considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- The duration and preservation of the fund.
- The purposes of the Station and the donor-restricted endowment fund.
- General economic conditions.
- The possible effect of inflation and deflation.
- The expected total return from income and the appreciation (depreciation) of investments.
- Other resources of the Station.
- The investment policies of the Station.

Notes to Financial Statements (continued)

4. Endowment Funds (continued)

Endowment net asset composition by type of fund as of September 30, 2014 is as follows:

	Temporarily Permanently							
	Unrestricted		Restricted		ed Restricted			Total

5. Debt Arrangements

Long-term debt consists of a term loan with quarterly payments of \$12,499, including principal and interest at 5.85 percent, due March 15, 2016. Substantially all of the Station's receivables, equipment and certain other assets are pledged as collateral pursuant to the terms of the loan agreement.

Maturities of long-term debt at September 30, 2014 are as follows:

Year ended September 30, 2015	\$ 47,389
Year ended September 30, 2016	14,716
	\$ 62,105

Notes to Financial Statements (continued)

5. Debt Arrangements (continued)

Pursuant to a revolving line of credit arrangement with a bank, the Station may borrow up to \$100,000, subject to certain terms and conditions. The line of credit arrangement is secured by the Station's equipment, receivables and certain other assets and expires on May 1, 2015. Interest is payable monthly at the bank's prime rate plus 0.75 percent but may not be lower than 4.75 percent (4.75 percent at September 30, 2014). There were no borrowings pursuant to this line of credit arrangement at September 30, 2014. Borrowings pursuant to the line of credit arrangement were \$100,000 at September 30, 2013.

6. Net Assets
